

# Innovation Partners Application

The Love Food Hate Waste NSW (LFHW) **Innovation Partnerships** support organisations to deliver new or innovative projects or initiatives to reduce food waste.

Funding of up to \$50,000 (\$25,000 pa over two years) is available for projects that align with the LFHW program and partnership strategy objectives, which will have a significant impact and reach. Complete the Innovation Partnerships form below to apply.

Expiry date

## Meeting the LFHW program goals

Please indicate which of the LFHW program objectives listed below would be supported through a partnership with your organisation. Tick all that apply.

Making food waste avoidance a social norm by 2021

Reduce food waste going to landfill

Increase awareness of the scope, scale, and impact of food waste

Increase people's knowledge and skills to avoid food waste

Impact behavioural change to reduce food waste

## About your organisation

Please describe your organisation and its work relating to food waste avoidance.

What are the core values of your organisation and its key objectives?

How does your work/activities relate to food waste reduction? (Max 300 words)

## About your organisation

Why do you want to enter into a partnership with the LFHW program?

How do you see us working together and what do you see as the benefits of a partnership with LFHW?

How does your organisation's strategic principles and values align with the LFHW Partnership Strategy objectives listed above? How will a LFHW Innovation Partnership complement what you already do?

## About the project

Innovation Partnerships support projects that will help NSW's highest food wasters reduce food waste around three key life stages. The following questions seek to understand your project and how it aligns with the program goals and audiences to reduce food waste.

### Project summary

Please provide an overview of your project as a project summary here. This summary will be used to promote your project and may be used for publicity purposes. Explain in plain English what you will do and how it will reduce food waste. (Max 200 words)

## Target audience

LFHW has identified the following as among the highest food wasters in NSW. How will your project target one or more of these audiences? Are any of these target audiences already a priority for you? How do you currently engage/communicate with them?

- 18–34 year olds
- families with young children
- households with incomes over \$100,000
- food businesses, including retail, hospitality, aged care and child-care sectors

## Key life stages

To focus opportunities for action, the LFHW Partnership Strategy prioritises projects that engage the highest food wasters through three key life stages. Please detail how your project could support food waste avoidance at one or more of these key life stages.

- leaving home for the first time
- buying your own home
- starting a family.

## Previous experience

Please describe previous projects your organisation has delivered in relation to food waste, the environment or with the LFHW target audiences or life stages and outline what you learned from these projects? If your organisation previously received LFHW funding or have taken part in a LFHW project, how does the proposed partnership build on these past results?

## Amount requested

How much funding are you seeking for your project (Max \$50,000 over two years, \$25,000 per year).  
Note: Detailed budget and program plan will be required if your application is successful.

Amount requested: \$

## Commitment to partnership

Please confirm your organisation's commitment to a Innovation Partnership with LFHW by agreeing to the following:

Commit to working with LFHW to develop a detailed project plan, budget and evaluation plan

Commit to signing a Funding Agreement with the NSW Government detailing each partner's obligations

Commit to embedding food waste avoidance principles and practices into my organisation for the long term
